

# Instructions

We encourage you to follow the following instructions to set up the Dummy.

**STEP**      Separate and pull apart all the screws.

**01**

4 Screws 6x60  
4 Washers  
4 Masonry plugs  
3 Screws 10x160

**STEP**      Screw the Dummy to the wall with the  
**02**            screws, washers and masonry plugs.

**STEP**      Put the arms with the screws 10x160 and  
**03**            fixed it with a small hit of hammer.
